

## In His Grip Ministries

SEPTEMBER 2021  
**REVIVAL**

In the church world it's common to have an evangelist come in occasionally for a time of "revival". Even in the addiction discipleship ministries that we minister at this is usually an annual occurrence. However, instead of revival they call it a time of "spiritual emphasis". Whether you call it revival or spiritual emphasis, what it really

is is a time of refreshing. It's usually two to five days of worship, preaching and ministering by one or more visiting preachers or ministers. They are usually able to bring fresh perspective and fresh excitement about the Lord and our walk with Him. Paul writes in I Corinthians 16:17,18, "I am glad of the coming of Stephanas and Fortunatus and Achaicus: for that which was lacking on your part they have supplied. For they have refreshed my spirit and your's..." As you can see in these verses, this isn't something new. It's not some modern day idea, but Paul was writing about it to the church at Corinth. As a matter of fact, if you'll back up to verses 15 and 16 you'll see that Paul names these same guys and

says that they have "addicted themselves to the ministry of the saints and that those at Corinth should submit themselves to them."

This past month we have been a part of some of the most powerful services this year. From revival in Iowa to spiritual emphasis in Houston and Florida. I believe that these services were powerful because of several things. First, when you

know that a time of revival and refreshing is coming it tends to stir up anticipation. God loves an expectant heart! Second, the excitement and anticipation of the minister as he looks out at the hungry people leaning in with anticipation to hear a fresh word. And third, usually it can be a place of newness and freshness because the visiting minister doesn't know what the pastor or the staff know about those in the seats being ministered to.

We all need a time of refreshing as we go along in this world filled with chaos. If this isn't something that your church or ministry does, I believe it should be. Let someone who has "addicted himself to the ministry of the saints" come and love on your people. You might find it refreshing!!!

To be sitting here at my desk on October 11th finally finding a big enough gap in our schedule to write and send out September's newsletter is a blessing to us. You see just like Stephanas and Fortunatus and Achaicus, Connie and I have "addicted ourselves to the ministry". As you can see below, our schedule continues to stay busy. Please pray for us and those God sends us to. May we have protection, provision and most importantly a Holy Ghost anointing. We love you!
